SITUATION REPORT #66

1600 Hours Tuesday, December 20, 2011

Next SITREP 1600 Hours Wednesday, December 21, 2011

SUMMARY

Gov. Bob McDonnell declared a State of Emergency for Virginia August 26, in response to the 5.8 magnitude Louisa County earthquake August 23. Several thousand residents and dozens of businesses and other entities reported damage. Louisa County High School and Thomas Jefferson Elementary School suffered major damage.

Aftershocks continue to rumble through the area. The Central Virginia earthquake area experienced a total of 50 recorded aftershocks in excess of 2.0 magnitude. The latest occurred on December 14 with a magnitude of 2.0.

An expanded outreach program, extensive site visits and inspections have turned up large numbers of structures with significant damage that had previously gone undetected or unreported.

Individual Assistance

FEMA denied the Commonwealth's request Individual Assistance for Louisa County October 7, but based on additional data, reversed its decision November 4 and approved assistance for individuals and business owners in Louisa County.

IA Registration in Selected Localities (as of 12/20/11)	
Locality	Number
Chesterfield	10
Fairfax	20
Fluvanna	74
Goochland	54
Louisa	3,106
Orange	56
Richmond Co.	10
Spotsylvania	72
Total	3,522
Percent of All Registrations	96%

FEMA has granted a 60-day extension of the teleregistration period until March 5, 2012. VDEM requested the extension because of the steady high volume of teleregistrations and the number of individuals visiting the Disaster Recovery Center in Louisa. The volume of registrations and visits reflected the efforts of an intensive Community Relations initiative.

In today's IA report, 3,522 individuals from 55 Virginia jurisdictions had called the FEMA teleregistration number to report earthquake damages. Of them, 63 percent have been approved for financial assistance totaling \$6.6 million. Most of the increase of 44 registrants came from Louisa County with 31.

Ten recipients are eligible for the maximum Individual and Households Program grant of \$31,400.

Community Relations

Since November 9, VDEM and FEMA Community Relations teams have fanned out in an expanded outreach program throughout Louisa County to provide information about disaster assistance programs and encourage residents and businesses to register. The teams also spoke before community and religious groups.

CR teams reported that they had visited 9,352 homes in Louisa, which has a population of 33,000. They met face-to-face with 3,569 individuals. A total of 1,870 reported damage, but only 509 had registered with FEMA at the time of the visit.

The CR teams expect to finish canvassing Louisa County this week.

Disaster Recovery Center

The DRC closed temporarily for the holidays starting 6 p.m. on Saturday, December 17, and will reopen at 10 a.m., Thursday, January 5. Help will still be available on-line and by telephone.

SBA Loans

The Small Business Administration reported that it has approved \$1.6 million in low-interest loans to repair damages from the quake. Loans to businesses amounted to \$352,300.

Public Assistance

The governor announced November 10 that FEMA had approved a Major Disaster Declaration for Public Assistance for Louisa County requested by the Commonwealth October 21. FEMA designated Spotsylvania County November 18 as an add-on for Public Assistance. On December 6, FEMA added the city of Fredericksburg as eligible for Public Assistance.

As the extent of significant amounts of infrastructure and private structural damage became apparent, VDEM and FEMA sent out additional joint assessment teams to quantify it in surrounding jurisdictions. On December 6, FEMA granted an extension of the deadline to December 22 for completing verification of damages for both Individual and Public Assistance requests in undesignated localities.

Arizona and Louisiana have responded to a VDEM Emergency Management Assistance Compact request for additional Public Assistance staff. The two states offered to send one supervisor and seven public assistance specialists for 30 days starting in January.
